

Künz Phytoceuticals

Product	INDICTION	Description	Pack
Biotin 2,5 mg	Biotin helps to maintain healthy skin and healthy hair.	Biotin 2500 µg 5000%. 60 tablets x 100 mg.	60 tablets
Boswellia serrata	Indian frankincense (<i>Boswellia serrata</i>) has a beneficial effect on the joints. Vitamin C helps in the proper production of collagen to ensure the proper functioning of cartilage and bones.	Ingredients: Indian frankincense resin extract (<i>Boswellia serrata</i>), bulking agent - microcrystalline cellulose (cellulose gel), capsule (gelatin), L-ascorbic acid (vitamin C), L-leucine, anti-caking agent - silicon dioxide.	60 capsules
Zinc	Chromium helps to maintain the proper metabolism of macronutrients Chromium helps to maintain the proper level of glucose in the blood. Chitosan is a type of fiber isolated from crustacean shells.	Ingredients: chitosan (from crustaceans), capsule (gelatin, titanium dioxide), bulking agent - microcrystalline cellulose (cellulose gel), chromium (III) chloride. Chitosan 400 mg Chromium 67 mcg (167,5% RWS*)	60 tablets
Zinc Lozenges 7,5 mg	Chromium helps to maintain the proper metabolism of macronutrients Chromium helps to maintain the proper level of glucose in the blood	Ingredients bulking agent - microcrystalline cellulose (cellulose gel), bulking agent - sorbitol, l-leucine, chromium picolinate, anti-caking agent - silicon dioxide. Composition: Ingredient in 1 tablet CHROMIUM - 200 µg *NRV – Nutrient Reference Value - 500%	120 tablets
Zinc plus C-B6-D3	strengthens your hair, skin barrier and nails, increases collagen production to keep your skin condition balanced contains standardized extracts from common horsetail and common nettle	Ingredients: Chicory inulin, capsule (gelatin, colour – titanium dioxide), bulking agent - microcrystalline cellulose, composition of vitamin-mineral complex: L-ascorbic acid, retinyl acetate, DL- α -tocopheryl acetate, thiamine hydrochloride, riboflavin, pyridoxine hydrochloride, D-biotin, nicotinamide, zinc oxide, ferrous gluconate, Extract from horsetail stems and leaves (<i>Equisetum arvense</i> L.), bulking agent - corn starch, Nettle leaf extract (<i>Urtica dioica</i>), anticaking agent -Magnesium stearate.	60 capsules
Chitosan + Chromium	Chromium contributes to the maintenance of the proper metabolism of macronutrients. Chromium helps to maintain the proper level of glucose in the blood. Chitosan is a type of fiber obtained from the shells of crustaceans.	Ingredients: chitosan (from crustaceans), capsule (gelatin, dye-titanium dioxide), bulking agent - microcrystalline cellulose (cellulose gel), chromium (III) chloride.	120 capsules
Organic chromium 200 µg	CHROME: Chromium contributes to the maintenance of the proper metabolism of macronutrients Chromium helps maintain normal blood glucose levels	Ingredients: bulking agent - microcrystalline cellulose (cellulose gel), bulking agent - sorbitol, l-leucine, chromium picolinate, anti-caking agent - silicon dioxide.	60 tablets
